SUMMARY

The year 2020 was a notable year for AATWIN as its decade-long advocacy for the Palermo Protocol finally reached its conclusion. This campaign gained a milestone on 19 January 2020 when the protocol was endorsed by the National Assembly of Nepal for ratification and likewise, it was endorsed on 12 March 2020 by the House of Representatives Nepal. Nepal also has successfully registered UN TIP Protocol on United Nations Treaty Collection on 16 June 2020 and the Protocol came into force on 17 July 2020.

2020 has been a year like no other, due to the global outbreak of the COVID-19 pandemic as it shut down the world. The Government of Nepal too announced a nation-wide lockdown from 24 March 2020 with timely extensions for over months. The mobility of people, except in emergencies was halted. The sudden lockdown left the citizens with no time to prepare, financially, mentally and emotionally. Although the lockdown has impacted every individual, the intensity of impact is not the same. The workers of the entertainment sector, trafficking survivors, victims of violence and exploitation, migrant workers, and daily wage laborers are the hardest hit by the lockdown. AATWIN conducted the situation analysis of workers of the entertainment sector and human trafficking survivors during this period and distributed relief materials and conducted virtual mental health programs.

AATWIN was nominated as a member of the "CSOs Coordination and Mobilization Committee" formed by MoWCSC in June to address the issues of women, children, people with disabilities, and senior citizens during COVID-19 in Nepa. The committee is chaired by the member of the National Planning Commission, Hon. Min Bahadur Shahi. AATWIN also raised voices for women and child-friendly services during the COVID-19 pandemic at various platforms, continued its campaign for the rights of women and children, and against human trafficking. We practiced work from home during the lockdown situation and engaged the video-conference apps like zoom, teams, google meet for conducting meetings and programs.

AATWIN got an opportunity to contribute to reporting of UPR, Voluntary National Review (VNR) of SDGs, and GR on trafficking in women and girls in the context of global migration drafted by CEDAW committee in 2020. Under the Universal Periodic Review (UPR) system, the UN Human Rights Council in Geneva reviews each country's human rights record every five years. Nepal has to send its report in 2020 for its third cycle reporting. AATWIN held a consultation program to collect issues of human trafficking with stakeholders for UPR reported and also contributed to the CSO's Reports of the NGO coalition for UPR, Govt. of Nepal report as well some other networks from the perspective of human trafficking, women's rights, child rights and migrant rights. AATWIN submitted the recommendations and comments on the draft of the general recommendation on trafficking in women and girls in the context of global migration on 15 May 2020 to CEDAW/OHCHR.

Besides, Year 2020 was remarkable to AATWIN for the policy advocacy. AATWIN and Shakti Samuha have been advocating for the guideline or SOP for rescue and repatriation of victims/survivors, and working for its development for more than a decade. AATWIN drafted an SOP for rescue, repatriation, rehabilitation, and reintegration through consultation with stakeholders. In context to the new structure of the government, AATWIN also drafted the model policies for three levels of government: local, provincial, and federal; and held consultations at all levels as well.

AATWIN got an opportunity to take leadership of the National Action and Coordinating Group to End Violence against Children (NACG), an apex body to SAIEVAC on 28 December 2020. Ms. Benu Maya Gurung, Executive Director of AATWIN is the new Chairperson of NACG.

ACTIVITIES OF SAPIT PROJECT

Interaction Program on “Visit Nepal Year 2020 and Human Trafficking”

Govt. of Nepal announced the “Visit Nepal Year 2020” and AATWIN organized interaction to raise the need of making the visit year safe. An interaction program on “Visit Nepal Year 2020 and Human Trafficking” was organized on 25 February 2020. The resource person for the interaction program was Mr. Gauri Pradhan, former member of National Human Rights Commission and Human right activist. In the program discussion on Visit Nepal Year, and possibilities of human trafficking and commercial exploitation of children (CSEC) and way forward to control CSEC and human trafficking was done.

Visit Nepal Year (VNY) 2020 is a campaign launched by the government to promote Nepal as tourism and also an opportunity for the boost of economic development of Nepal. However, inadvertently it may also exacerbate the current situation of CSEC and human trafficking by attracting the traffickers and child sex offender in form of tourist. Tourism sector and hospitality stakeholders are often unaware of signs and hence might unknowingly contribute to trafficking and exploitation of victims. CSOs need to develop some kind of strategy against human trafficking and CSEC at present and associations like Hotel Association Nepal (HAN), Trekking Agencies Association Nepal (TAAN), and Tourist Guide Association of Nepal (TURGAN) should also be involved in it.
